BACHELOR OF COMMUNICATIONS IN RADIO

SALUT I'm Kirsteen, I speak French and English and go by the stage names DJ Kenzie or, at times, Tambourine Kirsteen.

I work as the part time management of a local associative radio station in Chamonix Mont Blanc.

I am a qualified sound engineer with ample experience in events management and live broadcasts. One of my expertise is social media video streaming. I also produce a number of podcasts for clients in my region as well as a personal horror themed one.

I love music that is nostalgic and drives pleasure and release. I want to inspire more women, especially mothers, to embrace art, culture and music in their lives!
